

LOUISIANA JUSTICE FUND REENTRY & ECONOMIC MOBILITY GRANTS

About Foundation for Louisiana

Foundation for Louisiana (FFL) is a social justice philanthropic intermediary founded in 2005 as the Louisiana Disaster Recovery Foundation to invest in the immediate recovery of Louisiana's communities after hurricane Katrina. While FFL was founded in the wake of Hurricane Katrina, our founders recognized the need to address the longstanding inequities that have shaped life outcomes for the most marginalized of Louisianans. Our programs grew in response to these needs, and today FFL focuses on racial justice, climate justice, criminal justice reform, economic opportunity, LGBTQ organizing, and support for Louisiana's vibrant arts and culture via a three-pronged strategy:

- *Invest:* FFL makes grants and loans to support organizations and movements throughout Louisiana in our key program areas. We attract and invest resources to support on-the-ground projects, many of which can't access traditional philanthropy. Through fiscal sponsorship, we support innovative ideas responding to unmet needs throughout Louisiana.
- *Build:* We build power to effect change in Louisiana communities. Our TOGETHER initiative convenes community leaders and provides training in organizing, policy change, leadership, public speaking, and facilitation to tackle issues of climate change, police accountability, health disparities, housing access, and more.
- *Transform:* By fortifying movements, we shift systems and shape regional and national narratives. We re-imagine how our communities are governed and funded in order to redefine how residents are able to thrive in them.

Since its inception, FFL has invested \$60 million in more than 260 mission-critical nonprofit organizations working across the state towards building a more just Louisiana. As a social justice philanthropic intermediary, FFL's work unapologetically advances racial justice while moving Louisiana forward. The foundation engages communities in both program co-design as well as its grant-making process, in order to expand opportunities and move communities towards a more just future.

Overview of Opportunity

The Louisiana Justice Fund (LJF) is a pooled fund housed at FFL that supports projects aimed at reducing incarceration rates, improving reentry outcomes, and dismantling barriers to economic mobility, particularly for individuals disparately represented in the criminal legal system. The Fund focuses on deploying resources strategically to drive change and create lasting impact. LJF also values collaboration, capacity building, and strategic advocacy in its efforts to bring about lasting change in Louisiana's criminal legal landscape. LJF aims to achieve this through strategic investments in north Louisiana, central Louisiana, southwest Louisiana, Greater New Orleans, and Greater Baton Rouge areas through three grantmaking goals: 1) **strengthen the ecosystem of criminal legal system**

reform organizations, 2) invest in organizations to shift narratives on safety, crime, and accountability, and 3) increase economic mobility for criminal legal system impacted folks.

The LJF Reentry & Economic Mobility grant supports Louisiana-based organizations conducting workforce advocacy and providing reentry services with a systems analysis that addresses economic mobility, workforce development, expanded and coordinated services for formerly-incarcerated persons (FIPs) and families of system-involved folks.

What the Grant Supports

Louisiana-based organizations implementing programs or initiatives that aim to improve employment opportunities for FIPs through direct services with an ecological systems analysis of the criminal justice system in Louisiana, policy advocacy, or integrated advocacy with direct services.

Examples of the type of work this grant will support include but are not limited to:

- “clean slate” legislative advocacy and connecting that work to the national movement;
- removing barriers to vocations and fixing the gaps in reentry services that create unnecessary barriers to living-wage employment (e.g., occupational licensure);
- strategies to ensure implementation of existing policies and laws facilitating access to employment, housing, voting, healthcare, etc. for formerly incarcerated persons;
- policy advocacy to improve employment opportunities and economic mobility for FIPs integrated with direct services);
- services/programs/policy advocacy to mitigate the economic burden on families of detained or incarcerated folks.

Eligibility

Applicants must be based in north Louisiana, central Louisiana, or southwest Louisiana. Applicants based in the greater New Orleans and greater Baton Rouge areas are eligible if their work includes north, central, and/or southwest Louisiana communities.

Applicants must either have federal tax exempt/501(c)3 status or have a fiscal sponsor with federal tax exempt/501(c)3 status.

Applicants with leadership inclusive of system-impacted individuals or those from communities most affected by criminalization and incarceration are encouraged.

Selection Criteria

Systemic and Ecological Analysis

- Proposal reflects an ecological systems analysis of Louisiana’s criminal justice and workforce systems.
- Demonstrates understanding of structural barriers to economic mobility (e.g., criminal records, occupational licensing, housing discrimination, healthcare access).

- Identifies points of policy leverage and opportunities for reform at multiple levels (state, local, institutional).

Program Design and Approach

- Program or initiative aligns with one or more of LJF's supported activities:
 - Workforce or "clean slate" legislative advocacy;
 - Policy efforts to remove employment or licensing barriers;
 - Implementation of reentry-related laws and policies;
 - Economic mobility and reentry service coordination;
 - Policy or services mitigating the economic burden on families of incarcerated individuals.
- Clear description of activities, partnerships, and expected outcomes.
- Integration of direct services and advocacy (where applicable) to create systemic impact.
- Demonstrates coordination with community-based, government, or workforce partners to maximize reach.

Community Leadership and Engagement

- Applicants meaningfully engage FIPs and families in design, implementation, and evaluation.
- Evidence of community trust and collaboration with grassroots organizations or networks.
- Center lived experience and community leadership in advocacy and decision-making structures.

Policy Advocacy and Systems Change Potential

- Clear policy or advocacy strategy that complements direct service efforts.
- Focus on removing systemic barriers (e.g., occupational licensing, criminal record expungement, access to employment and housing).
- Demonstrates capacity to engage in legislative, administrative, or coalition-based advocacy.
- Builds or contributes to statewide or cross-sector coalitions advancing reentry and economic justice for system-impacted persons.

Equity, Intersectionality, and Impact Measurement

- Approach explicitly addresses racial, gender, and economic inequities within the criminal legal and workforce systems.
- Incorporates intersectional analysis (e.g., recognizing impacts on women, LGBTQ+ individuals, rural communities, immigrants, etc.).
- Includes metrics and evaluation tools to measure outcomes related to reentry success, employment, and systemic change.
- Demonstrates capacity to track progress and use data for learning and adaptation.

Organizational Capacity and Sustainability

- Clear governance structure, financial health, and staffing capacity to implement the proposal.
- History of fiscal responsibility and compliance with grant requirements.
- Plan for sustaining the initiative beyond the grant term (through diversified funding, partnerships, or institutionalization of programs).

Grant Amounts

Up to eight (8) Louisiana-based organizations will be awarded up to \$100,000 each, and may be renewable up to one year.
